ProBox ©®

Ergonomic, Simple, Practical

The oval cut-out of the front of the cake facilitates installation and allows a better view of the cake during the opening box

Stalled by the flaps slightly, the lid remains closed, even without the use of the lock system

Just one finger to open / close the box with its ingenious closing system

To open the front face of the box, pull tabs simultaneously on the right and left side, then remove easily the cake from the ProBox
